Onepack Training Centre

"Providing your requirements in one package"

Welcome to the Onepack Training Centre 2026 Training Calendar.

It is my pleasure to present our annual training calendar, carefully designed to support organisations and professionals in developing the knowledge, skills and competencies required to excel in today's rapidly evolving business environment. At Onepack Training Centre, we believe that continuous learning is the foundation of organisational excellence, innovation and sustainable growth. Our programmes are developed by experienced industry practitioners and subject matter experts to ensure that every course delivers practical knowledge, internationally recognised best practices and solutions that can be immediately applied in the workplace.

The 2026 Training Calendar offers a diverse portfolio of professional development programmes covering Leadership, Governance, Public Financial Management, Procurement, Banking, Human Capital, Artificial Intelligence, Digital Transformation, SAP Enterprise Solutions, Cybersecurity, Risk Management, Internal Audit, Supply Chain Management, Customer Experience, Quality Management and many other specialised disciplines. Each programme has been designed to address current industry challenges while equipping participants with practical tools, strategic thinking and leadership capabilities that contribute to improved organisational performance.

Whether you are a government department, municipality, state-owned enterprise, financial institution, private sector organisation, NGO or an individual professional seeking career advancement, Onepack Training Centre is committed to delivering learning experiences that create measurable impact. We appreciate your confidence in our organisation and look forward to partnering with you in developing high-performing leaders, competent professionals and future-ready organisations. Our training Centres are in Johannesburg, Eswatini and Zimbabwe

We look forward to welcoming you to Onepack Training Centre, where knowledge inspires excellence and learning drives transformation.

Customised Training Solutions

In addition to the scheduled programmes featured in this Training Calendar, Onepack Training Centre provides fully customised training solutions designed to meet the unique operational, strategic and compliance requirements of individual organisations. We recognise that every organisation has different priorities, regulatory obligations and workforce development goals. Our customised programmes are therefore designed following a comprehensive training needs assessment to ensure that learning interventions directly address identified organisational challenges and performance gaps.

Our team works closely with clients to design and deliver bespoke training programmes that align with organisational strategies, policies, industry standards and operational objectives. Courses can be tailored for executive leadership teams, senior management, middle management, supervisors, technical specialists and operational staff, with content customised to reflect the client's environment, processes and business requirements. Delivery options include in-house training, virtual instructor-led programmes, hybrid learning, executive workshops, seminars, conferences and organisational retreats.

Onepack Training Centre also offers customised programmes in specialised areas including Leadership and Executive Development, Banking and Financial Services, Public Sector Management, Artificial Intelligence and Digital Transformation, SAP Enterprise Solutions, Procurement and Supply Chain Management, Project Management, Human Resources, Finance, Internal Audit, Risk Management, Governance, Cybersecurity, Engineering, Customer Service Excellence and many other professional disciplines. Our objective is to develop practical learning solutions that improve organisational capability, strengthen employee performance and support long-term business success.

How to Book a Course

Booking a training programme with Onepack Training Centre is simple and designed to provide delegates with a smooth registration experience.

1. Browse the Training Calendar

- Review the Onepack Training Calendar and identify the course(s) relevant to your professional development or organisational needs.
- Note the course title, course code and scheduled training dates.

2. Submit Your Booking Request

- Visit the Onepack website and submit your booking or enquiry through the available contact channels or contact the Training Centre directly. [Onepack Training Centre](https://www.onepack.co.za)
- Alternatively, send your booking request by email to info@onepack.co.za or contact the Training Centre by telephone on **+27 72 281 2392**.

3. Provide the Following Information

- Delegate's full name
- Organisation
- Job title
- Email address
- Mobile number
- Course name
- Course code
- Preferred training date
- Number of delegates attending
- Any special dietary, accessibility or learning requirements

4. Receive Confirmation

- Onepack Training Centre will confirm course availability and issue a quotation, invoice or pro forma invoice where applicable.
- Your booking is regarded as confirmed once the required documentation and/or agreed payment arrangements have been completed.

5. Joining Instructions

- Registered delegates will receive joining instructions before the commencement of the programme, including:
 - Training venue or virtual access details
 - Daily programme
 - Registration time
 - Course materials and pre-course requirements (where applicable)

Requesting a Course to be Rescheduled

Onepack Training Centre understands that unforeseen business commitments may require delegates or organisations to change their training dates.

To request a reschedule:

1. Notify Onepack Training Centre **as early as possible** before the scheduled course commencement date.
2. Submit your request by email to **info@onepack.co.za** or contact the Training Centre on +27 72 **281 2392**, providing:
 - Delegate name
 - Organisation
 - Original course name
 - Course code
 - Original training dates
 - Reason for the reschedule
 - Preferred alternative training dates
3. The Training Centre will review course availability and confirm the next available intake or discuss alternative delivery options.
4. Where a public programme is not immediately available, Onepack may recommend:
 - A future scheduled course
 - A virtual delivery option
 - An in-house customised programme
 - A dedicated corporate training intervention for your organisation
5. Once the new dates have been agreed, an updated training confirmation will be issued to the delegate or organisation.
